Don't miss this bay roan gentleman. Here is the older, 2007 model, 16H gelding everyone needs. He is one of those that anyone who wants to sit on a horse can ride. He is a gentle giant for the tiniest of riders and plenty big for dad to ride. He was trained with a reining type handle so he is very broke. You can climb all over and under him, ride bareback, and trail ride him anywhere. He is great for the grandkids to handle, and you have peace of mind knowing they can go get Chex and do just about anything with him safely. He was the perfect starter horse for his family but now they have moved on and he needs to be enjoyed by a new family. He is the same horse whether you ride him every day or once every six months. Hauls, stalls, and pastures with others perfectly. Easy keeper, UTD on everything.

Fancy is loping the barrel pattern and just needs hauling to finish her. She has also tracked the dummy around and with some continued training would make a great head horse. She is also Louisiana accredited bred and would make an amazing broodmare with her conformation and disposition and the pedigree on her papers to back it up. Fancy is going to excel at whatever she does. She deserves someone who can dedicate more time to her and will help her reach her full potential.

She has been playing polo for the last 2 years. She has a great handle, quick on her feet and great lead changes as well. We bought her with high hopes of her being a top Pro Level Polo horse, but she does not have enough speed for us. She would really excel at Polo Cross. Holly was trained in cow horse events when we bought her. She could easily go back to the western events or just a simple riding horse.

Can teach your little cowgirls and cowboys correct leads and the foundation of horsemanship. With previous owner he did ride English and jump but we only ride Western. He is gentle, no buck, no rear. He is not lazy or a dead head, but he will not run off. He is good around dogs, atv's, and all farm activities. He has been ridden by a 7-year-old at barrel races and rodeos at a trot and lope. He is perfect on trails and crosses water, traffic, etc. Blackie is being sold because the sisters that own him have advanced to big horses.

He stands to be saddled, bathes, ties, lunges, loads and has those kid safe ground manners you need in a pony his size. With enough speed to make a great playday pony, the possibilities are endless for Bo and his next cowboy or cowgirl.

LOT NO.86 RUFUS

He packs his face, moves off of leg pressure, lopes circles, and has been ridden outside. Go catch him anywhere and he'll meet you as quick as he can get there. A horse with his talent, brain, and eye appeal is a rare find, don't miss the chance to call him yours. He sells 100% sound. Call Lauren Leslie (619)905-1323 with any questions.
